AWARD & ACHIEVEMENTS

ICIRP-International Conference Organized by TC Business School in collaboration with the UOR, focusing on MBA & IT innovation.

WORLD CLASS INFRASTRUCTURE

ADVANCED COMPUTER LABORATORIES

The primary objective of our well-equipped computing laboratories is to provide students with a modern learning environment that enhances their academic performance and technical skills. The college has two advanced computer labs with over 250 high-performance systems and updated software tools. All systems are connected through high-speed LAN and Wi-Fi internet, ensuring seamless access to digital resources. This infrastructure helps students gain practical exposure, strengthen hands-on experience, and develop industry-ready skills.

CENTER OF KNOWLEDGE

Our college has a well-equipped and spacious library with a rich collection of books, national and international journals, and academic resources in Science, Management, IT, Commerce, Fashion, and Arts. Special focus is given to Management and Information Technology through updated case studies, business reports, and technical references. With over 12,000 titles, e-journals, and magazine subscriptions, the library supports research and keeps students updated with current industry and technology trends.

EXPERTS CLASS ROOM

To enhance communication skills, leadership qualities, and overall personality development, our college has a dedicated PD Classroom for soft skills training, group discussions, mock interviews, and presentation practice. The classroom is equipped with a projector, audio-visual systems, smart boards, and high-speed internet. It also supports placement training and MBA grooming programs, preparing students to face corporate interviews confidently and succeed in their professional careers.

DIGITAL SMART CLASS ROOMS

Each department is equipped with fully air-conditioned smart classrooms featuring CCTV surveillance, interactive smart boards, projectors, and high-speed internet connectivity. These technology-enabled classrooms enhance concept clarity, interactive learning, and student engagement. By integrating digital tools with modern teaching methods, they provide a dynamic and effective learning environment aligned with today's educational standards.
